The Auctioneer does not carry out exhaustive due diligence on each Lot(s). The information supplied about the Lot(s) is not a representation of fact but a statement of opinion on the basis of the evidence reasonably available. Purchasers acknowledge these points and accept responsibility for carrying out inspections and investigations to satisfy themselves as to the Lot(s) in which they may be interested.
- 16.3 Where the Vendor has declared any health and safety issues regarding a Lot or the Auctioneers have become aware of any such issues, details of the matter will be given out at the time of sale by the Auctioneer
- 16.4 It will be the Purchasers responsibility to satisfy themselves as to the health and safety matters. Bidders including the Purchaser acknowledge that Lots have generally been used and many are of an age and type which means they are not in perfect working condition. As such they may not comply with current health and safety legislation and may have faults not expressly referred to in the catalogue or the other information that may be available on individual Lots from the Auctioneers.
- 16.5 The Purchaser must satisfy himself prior to bidding for any Lot as to its condition and should exercise and rely on his own judgement as to whether the Lot accords with its description. The Auctioneers shall have no liability for the accuracy of the description of any Lot. Unless otherwise stated, no warranty is given by the Auctioneers to the Purchaser in respect of any Lot and any express or implied conditions or warranties are excluded to the fullest extent permitted by law. It is the Purchasers responsibility to check the Lot and ensure that its subsequent use is compliant and that identified health and safety concerns are rectified.

- 18.3 Notwithstanding that the title has not passed to the Purchaser, the Purchaser will be solely responsible for the lots standing in the yard immediately upon sale (the fall of the hammer).
- 18.4 The Purchaser shall until payment has been made in full keep the Lot in good marketable condition and
- readily identified and shall indemnify the Vendor or the Auctioneers as the case may be for any damage.
- 18.5 In the event of any sale by the Purchaser of a Lot before full payment has been made the Purchaser shall hold the proceeds of such sale on trust for the Vendor or the Auctioneer (as the case may be) and shall pay such proceeds into a separate identifiable bank account.
- 18.6 At the time before the title to the Lot has passed to the Purchaser, the Vendors or the Auctioneers (as the case may be) including the Auctioneers acting as agents for the Vendor, shall have the right to enter upon the Purchasers property for the purposes of recovering the Lot.
