	5. Description and Condition of Lots		
	5.1 As agents for the Seller, the Auctioneers are primarily dependant on the information provided by the Seller. The following methods of payment, made by the Auctioneers in respect of any Lot as to genuineness, origin, date, age, provenance, condition or estimated selling price, including condition reports which may be provided at the Buyer's request, is a statement of opinion held by the Auctioneers. It is, however, deemed that prospective Buyers have inspected the Lots in which they intend to bid at the Sale. By placing a bid, the Buyer acknowledges that they have inspected the Lots and accept bids from potential Buyers on the basis that the Buyers (or their advisors) have fully inspected the Lots prior to bidding and have satisfied themselves prior to bidding in relation to the condition and accuracy of the description of the Lot.		
			Account Name: Cheffins Auction 1
